

## 5 x CITIZEN MIYANO ABX-51SYY2

**HIGH PERFORMANCE | DUAL SPINDLE | DUAL TURRET**

Citizen Miyano ABX 51 SYY2 is a premium Japanese-built twin-spindle CNC turning centre.

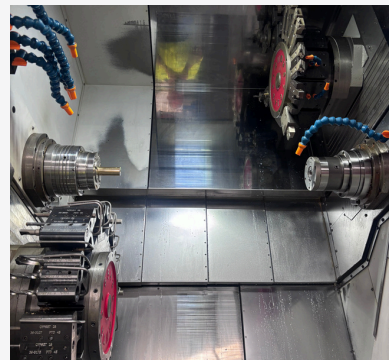

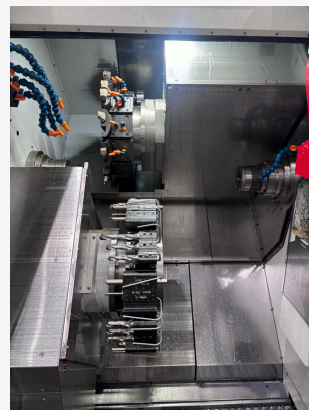

Featuring 51mm bar capacity, twin 12-station  $\pm 40$ mm Y-axis turrets, Fanuc 31i-B control, and a rigid 12-ton one-piece casting with hand-scraped box guideways.

Hainbuch SK65 workholding, ALPS TOOL RX51Ev oil-type bar feeder, swarf conveyor, medium high-pressure coolant and an extensive tooling package.

- ✓ Dual Spindle + Dual Turret
- ✓ Capacity Range:  $\varnothing 12$ mm –  $\varnothing 51$ mm
- ✓ Alps Tool ASR RX45/51EV Bar Loader
- ✓ High precision, high productivity, Fixed Head CNC Turning Centre
- ✓ Ideal for complex turned components

**Ex works, these machines sold as seen without warranty.**

### ABOUT THE MIYANO ABX-51SYY2

The Miyano ABX-51SYY2 is a high-performance multi-tasking CNC turning centre designed for precision, reliability and productivity.

Featuring dual spindles and dual turrets, it enables simultaneous machining operations to reduce cycle times whilst maintaining exceptional accuracy. Combined with the Alps Tool ASR RX45/51EV Bar Loader, these machines offer an excellent solution for high-volume and complex turned parts.
